# Care Like Family

## HCA Healthcare Far West Division 2025 Community Impact Report

### Message from the Division President

At HCA Healthcare's Far West Division, we show up—for our patients, our communities and each other. As the trusted provider and market share leader in many of the communities we serve across California and Nevada, we take that responsibility to heart. Our 2024 Community Impact Report reflects the incredible depth of that commitment. From delivering award-winning care at our hospitals to championing mental wellness, expanding career pathways in healthcare and investing in the wellbeing of our neighbors, our mission is more than just a statement, it's a promise in action.

In 2024, our colleagues made more than 1.5 million patient connections, supported over 200 nonprofit partners and contributed to a \$3.5 billion economic impact across the region. But the numbers only tell part of the story. Behind every patient visit, community event and volunteer hour is a team of dedicated professionals who show up every day with compassion, excellence and heart.

I invite you to explore this year's report and see the many ways we're building healthier tomorrows—together.

Warm regards,  
Jackie Van Blaricum  
President, HCA Healthcare Far West Division
